Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general

assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed, by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

- (1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and
- (2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative

The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

The above appropriations for drug afflicted babies shall be used for the following purposes:

- (1) All newborn infants shall be tested for the presence of a controlled substance in the infant's meconium if they meet the criteria established by the state department of health. These criteria will, at a minimum, include all newborns, if at birth:
  - (A) the infant's weight is less than two thousand five hundred (2,500) grams;
  - (B) the infant's head is smaller than the third percentile for the infant's gestational age; and
  - (C) there is no medical explanation for the conditions described in clauses (A) and (B).
- (2) If a meconium test determines the presence of a controlled substance in the infant's meconium, the infant may be declared a child in need of services as provided in IC 31-34-1-10 through IC 31-34-1-13. However, the child's mother may not be prosecuted in connection with the results of the test.
- (3) The state department of health shall provide forms on which the results of a meconium test performed on an infant under subdivision (1) must be reported to the state department of health by physicians and hospitals.
- (4) The state department of health shall, at least semi-annually:

- (A) ascertain the extent of testing under this chapter; and  
 (B) report its findings under subdivision (1) to:  
 (i) all hospitals;  
 (ii) physicians who specialize in obstetrics and gynecology or work with infants and young children; and  
 (iii) any other group interested in child welfare that requests a copy of the report from the state department of health.  
 (5) The state department of health shall designate at least one (1) laboratory to perform the meconium test required under subdivisions (1) through (8). The designated laboratories shall perform a meconium test on each infant described in subdivision (1) to detect the presence of a controlled substance.  
 (6) Subdivisions (1) through (7) do not prevent other facilities from conducting tests on infants to detect the presence of a controlled substance.  
 (7) Each hospital and physician shall:  
 (A) take or cause to be taken a meconium sample from every infant born under the hospital's and physician's care who meets the description under subdivision (1); and  
 (B) transport or cause to be transported each meconium sample described in clause (A) to a laboratory designated under subdivision (5) to test for the presence of a controlled substance as required under subdivisions (1) through (7).  
 (8) The state department of health shall establish guidelines to carry out this program, including guidance to physicians, medical schools, and birthing centers as to the following:  
 (A) Proper and timely sample collection and transportation under subdivision (7) of this appropriation.  
 (B) Quality testing procedures at the laboratories designated under subdivision (5) of this appropriation.  
 (C) Uniform reporting procedures.  
 (D) Appropriate diagnosis and management of affected newborns and counseling and support programs for newborns' families.

<b>Total Operating Expense</b>	<b>2,827,208</b>	<b>2,972,025</b>
--------------------------------	------------------	------------------

The above appropriations do not include funds for the course development grant program.

The sums herein appropriated to Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, Ivy Tech Community College, and the Indiana Higher Education Telecommunications System (IHETS) are in addition to all income of said institutions and IHETS, respectively, from all permanent fees and endowments and from all land grants, fees, earnings, and receipts, including gifts, grants, bequests, and devises, and receipts from any miscellaneous sales from whatever source derived.

All such income and all such fees, earnings, and receipts on hand June 30, 2007, and all such income and fees, earnings, and receipts accruing thereafter are hereby appropriated to the boards of trustees or directors of the aforementioned institutions and IHETS and may be expended for any necessary expenses of the respective institutions and IHETS, including university hospitals, schools of medicine, nurses' training schools, schools of dentistry, and agricultural extension and experimental stations. However, such income, fees, earnings, and receipts may be used for land and structures only if approved by the governor and the budget agency.

The foregoing appropriations and allocations for fee replacement are for replacement of student fees deducted during the 2007-2009 biennium to cover bond or lease-purchase principal, interest, and other obligations of debt costs of facility construction and acquisition for those projects authorized by the general assembly. These fee replacement appropriations and allocations shall be allotted by the budget agency after receipt of verification of payment of such debt cost expense.

The foregoing appropriations to Indiana University, Purdue University, Indiana State

University, University of Southern Indiana, Ball State University, Vincennes University, Ivy Tech Community College, and IHETS include the employers' share of Social Security payments for university and IHETS employees under the public employees' retirement fund, or institutions covered by the Indiana state teachers' retirement fund. The funds appropriated also include funding for the employers' share of payments to the public employees' retirement fund and to the Indiana state teachers' retirement fund at a rate to be established by the retirement funds for both fiscal years for each institution and for IHETS employees covered by these retirement plans.

The treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College shall, at the end of each three (3) month period, prepare and file with the auditor of state a financial statement that shall show in total all revenues received from any source, together with a consolidated statement of disbursements for the same period. The budget director shall establish the requirements for the form and substance of the reports.

The reports of the treasurer also shall contain in such form and in such detail as the governor and the budget agency may specify, complete information concerning receipts from all sources, together with any contracts, agreements, or arrangements with any federal agency, private foundation, corporation, or other entity from which such receipts accrue.

All such treasurers' reports are matters of public record and shall include without limitation a record of the purposes of any and all gifts and trusts with the sole exception of the names of those donors who request to remain anonymous.

Notwithstanding IC 4-10-11, the auditor of state shall draw warrants to the treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College on the basis of vouchers stating the total amount claimed against each fund or account, or both, but not to exceed the legally made appropriations.

Notwithstanding IC 4-12-1-14, for universities and colleges supported in whole or in part by state funds, grant applications and lists of applications need only be submitted upon request to the budget agency for review and approval or disapproval and, unless disapproved by the budget agency, federal grant funds may be requested and spent without approval by the budget agency. Each institution shall retain the applications for a reasonable period of time and submit a list of all grant applications, at least monthly, to the commission for higher education for informational purposes.

For all university special appropriations, an itemized list of intended expenditures, in such form as the governor and the budget agency may specify, shall be submitted to support the allotment request. All budget requests for university special appropriations shall be furnished in a like manner and as a part of the operating budgets of the state universities.

The trustees of Indiana University, the trustees of Purdue University, the trustees of Indiana State University, the trustees of University of Southern Indiana, the

trustees of Ball State University, the trustees of Vincennes University, the trustees of Ivy Tech Community College, and the directors of IHETS are hereby authorized to accept federal grants, subject to IC 4-12-1.

Fee replacement funds are to be distributed as requested by each institution, on payment due dates, subject to available appropriations.

If an early payment of an amount appropriated to any of the aforementioned institutions or IHETS is made in either state fiscal year of the biennium to eliminate an otherwise authorized payment delay to a later state fiscal year, the amount may be used only for the purposes approved by the budget agency after review by the budget committee.

For the higher education awards and freedom of choice grants made for the 2007-2009 biennium, the following guidelines shall be used, notwithstanding current administrative rule or practice:

(1) Financial Need: For purposes of these awards, financial need shall be limited to actual undergraduate tuition and fees for the prior academic year as established by the commission.

(2) Maximum Base Award: The maximum award shall not exceed the lesser of:

(A) eighty percent (80%) of actual prior academic year undergraduate tuition and fees; or

(B) eighty percent (80%) of the sum of the highest prior academic year undergraduate tuition and fees at any public institution of higher education and the lowest appropriation per full-time equivalent (FTE) undergraduate student at any public institution of higher education.

(3) Minimum Award: No actual award shall be less than \$200.

(4) Award Size: A student's maximum award shall be reduced one (1) time:

(A) for dependent students, by the expected contribution from parents based upon information submitted on the financial aid application form; and

(B) for independent students, by the expected contribution derived from information submitted on the financial aid application form.

(5) Award Adjustment: The maximum base award may be adjusted by the commission, for any eligible recipient who fulfills college preparation requirements defined by the commission.

(6) Adjustment:

(A) If the dollar amounts of eligible awards exceed appropriations and program reserves, all awards may be adjusted by the commission by reducing the maximum award under subdivision (2)(A) or (2)(B).

(B) If appropriations and program reserves are sufficient and the maximum awards are not at the levels described in subdivision (2)(A) and (2)(B), all awards may be adjusted by the commission by proportionally increasing the awards to the maximum award under that subdivision so that parity between those maxima is maintained but not exceeded.

For the Hoosier scholar program for the 2007-2009 biennium, each award shall not exceed five hundred dollars (\$500) and shall be made available for one (1) year only. Receipt of this award shall not reduce any other award received under any state funded student assistance program.

20   **SECTION 14. [EFFECTIVE JULY 1, 2007]**

21

29        the standard meal allowances established by the federal Internal Revenue Service.

30  
31        All appropriations provided by this act or any other statute, for traveling and hotel  
32        expenses for any department, officer, agent, employee, person, trustee, or commissioner  
33        are to be used only for travel within the state of Indiana, unless those expenses  
34        are incurred in traveling outside the state of Indiana on trips that previously have  
35        received approval as required by the state travel policies and procedures established  
36        by the Indiana department of administration and the budget agency. With the required  
37        approval, a reimbursement for out-of-state travel expenses may be granted in an amount  
38        not to exceed actual lodging and miscellaneous expenses incurred. A person in travel  
39        status is entitled to a meal allowance not to exceed during any twenty-four (24)  
40        hour period the standard meal allowances established by the federal Internal Revenue  
41        Service for properly approved travel within the continental United States and a minimum  
42        of \$50 during any twenty-four (24) hour period for properly approved travel outside  
43        the continental United States. However, while traveling in Japan, the minimum meal  
44        allowance shall not be less than \$90 for any twenty-four (24) hour period. While  
45        traveling in Korea and Taiwan, the minimum meal allowance shall not be less than  
46        \$85 for any twenty-four (24) hour period; while traveling in Singapore, China, Great

1 In the case of the state supported institutions of postsecondary education, approval  
2 for out-of-state travel may be given by the chief executive officer of the institution,  
3 or the chief executive officer's authorized designee, for the chief executive officer's  
4 respective personnel.

5  
6 Before reimbursing overnight travel expenses, the auditor of state shall require  
7 documentation as prescribed in the state travel policies and procedures established  
8 by the Indiana department of administration and the budget agency. No appropriation  
9 from any fund may be construed as authorizing the payment of any sum in excess of  
10 the standard mileage rates for personally owned transportation equipment established  
11 by the federal Internal Revenue Service when used in the discharge of state business.  
12 The Indiana department of administration and the budget agency may adopt policies  
13 and procedures relative to the reimbursement of travel and moving expenses of new  
14 state employees and the reimbursement of travel expenses of prospective employees  
15 who are invited to interview with the state.

34 or an institution has more than \$10,000 in daily receipts, the receipts shall be  
35 deposited into the state treasury daily.

and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

**SECTION 20. [EFFECTIVE JULY 1, 2007]**

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products, or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

**SECTION 21. [EFFECTIVE JULY 1, 2007]**

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

**SECTION 22. [EFFECTIVE JULY 1, 2007]**

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

**SECTION 23. [EFFECTIVE JULY 1, 2007]**

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

2 any appropriation made by this act or any other act, unless the following facts are  
3 shown to the satisfaction of the commissioner of the Indiana department of administration  
4 or the commissioner's designee:

5 (1) In the case of an elected state officer, it shall be shown that the duties of  
6 the office require driving about the state of Indiana in the performance of official  
7 duty.

8 (2) In the case of department or commission heads, it shall be shown that the statutory  
9 duties imposed in the discharge of the office require traveling a greater distance  
10 than one thousand (1,000) miles each month or that they are subject to official duty  
11 call at all times.

12 (3) In the case of employees, it shall be shown that the major portion of the duties  
13 assigned to the employee require travel on state business in excess of one thousand  
14 (1,000) miles each month, or that the vehicle is identified by the agency as an integral  
15 part of the job assignment. In computing the number of miles required to be driven  
16 by a department head or an employee, the distance between the individual's home and  
17 office or designated official station is not to be considered as a part of the total.

18 Department heads shall annually submit justification for the continued assignment  
19 of each vehicle in their department, which shall be reviewed by the commissioner  
20 of the Indiana department of administration, or the commissioner's designee. There  
21 shall be an insignia permanently affixed on each side of all state owned cars, designating  
22 the cars as being state owned. However, this requirement does not apply to state  
23 owned cars driven by elected state officials or to cases where the commissioner of  
24 the Indiana department of administration or the commissioner's designee determines  
25 that affixing insignia on state owned cars would hinder or handicap the persons driving  
26 the cars in the performance of their official duties.

29  
30 The budget agency may refer to the budget committee any budgetary or fiscal matter

32 any actions authorized by IC 4-12-1-11, and may make an advisory recommendation to  
33 the budget agency.

SECTION 70. IC 20-43-3-4, AS ADDED BY P.L.2-2006, SECTION 166, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 4. (a) A school corporation's previous year revenue equals the amount determined under STEP TWO of the following formula:

STEP ONE: Determine the sum of the following:

(A) The school corporation's basic tuition support for the year that precedes the current year.

(B) The school corporation's maximum permissible tuition support levy for the calendar year that precedes the current year, made in determining the school corporation's adjusted tuition support levy for the calendar year.

(C) The school corporation's excise tax revenue for the year that precedes the current year ~~by~~ two (2) years.

STEP TWO: Subtract from the STEP ONE result an amount equal to the ~~sum of the following~~:

~~(A) The reduction in the school corporation's state tuition support under any combination of subsection (b), subsection (c), IC 20-10.1-2-1 (before its repeal), or IC 20-30-2-4.~~

~~(B) In 2006, the amount of the school corporation's maximum permissible tuition support levy attributable to the levy transferred from the school corporation's general fund to the school corporation's referendum tax levy fund under IC 20-46-1-6.~~

(b) A school corporation's previous year revenue must be reduced if:

(1) the school corporation's state tuition support for special or vocational education is reduced as a result of a complaint being filed with the department after December 31, 1988, because the school program overstated the number of children enrolled in special or vocational education programs; and

(2) the school corporation's previous year revenue has not been reduced under this subsection more than one (1) time because of a given overstatement.

The amount of the reduction equals the amount the school corporation would have received in state tuition support for special and vocational education because of the overstatement.

(c) A school corporation's previous year revenue must be reduced if an existing elementary or secondary school located in the school corporation converts to a charter school under IC 20-5.5-11 before July 1, 2005, or IC 20-24-11 after June 30, 2005. The amount of the reduction equals the product of:

(1) the sum of the amounts distributed to the conversion charter school under IC 20-5.5-7-3.5(c) and IC 20-5.5-7-3.5(d) before July 1, 2005, and IC 20-24-7-3(c) and IC 20-24-7-3(d) after June 30, 2005; multiplied by

(2) two (2).

SECTION 71. IC 20-43-4-6, AS ADDED BY P.L.2-2006, SECTION 166, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 6. (a) In determining ADM, each

pupil enrolled in a public school and a nonpublic school is to be counted on a full-time equivalency basis if the pupil:

- (1) is enrolled in a public school and a nonpublic school;
- (2) has legal settlement in a school corporation; and
- (3) receives instructional services from the school corporation.

(b) For purposes of this section, full-time equivalency is calculated as follows:

STEP ONE: Determine the result of:

- (A) the number of days instructional services will be provided to the pupil, not to exceed one hundred eighty (180); divided by
- (B) one hundred eighty (180).

STEP TWO: Determine the result of:

- (A) the pupil's public school instructional time (as defined in IC 20-30-2-1); rounded to the nearest one-hundredth (0.01); divided by
- (B) the actual public school regular instructional day (as defined in IC 20-30-2-2). rounded to the nearest one-hundredth (0.01).

STEP THREE: Determine the result of:

- (A) the STEP ONE result; multiplied by
- (B) the STEP TWO result.

STEP FOUR: Determine the lesser of one (1) or the result of:

- (A) the STEP THREE result; multiplied by
- (B) one and five hundredths (1.05).

(c) If the computation for a pupil under subsection (b) results in a fraction, the fraction must be rounded to the nearest one-hundredth (0.01).

SECTION 72. IC 20-43-4-7, AS ADDED BY P.L.2-2006, SECTION 166, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 7. (a) This subsection does not apply to a charter school. When calculating adjusted ADM for 2006 2008 distributions, this subsection as effective after December 31, 2005; 2007, shall be used to calculate the adjusted ADM for the previous year rather than the calculation used to calculate adjusted ADM for 2005 2007 distributions. For purposes of this article, a school corporation's "adjusted ADM" for the current year is the result determined under the following formula:

STEP ONE: Determine the sum of the following:

- (A) The school corporation's ADM for the year preceding the current year by four (4) years multiplied by two-tenths (0.2).
- (B) The school corporation's ADM for the year preceding the current year by three (3) years multiplied by two-tenths (0.2).
- (C) The school corporation's ADM for the year preceding the current year by two (2) years multiplied by two-tenths (0.2).
- (D) The school corporation's ADM for the year preceding the current year by one (1) year multiplied by two-tenths (0.2).
- (E) The school corporation's ADM for the current year multiplied by two-tenths (0.2).

Round the result to the nearest five-tenths (0.5):

STEP TWO: Determine the sum of:

- (A) the school corporation's ADM for the year preceding the current year; plus
- (B) the product of:
  - (i) the school corporation's ADM for the current year. minus the clause (A) amount; multiplied by
  - (ii) seventy-five hundredths (0.75):

Round the result to the nearest five-tenths (0.5):

STEP THREE: Determine the greater of the following:

(A) The STEP ONE result.

(B) The STEP TWO result.

(b) A charter school's adjusted ADM for purposes of this article is the charter school's current ADM.

SECTION 73. IC 20-43-5-2, AS ADDED BY P.L.2-2006, SECTION 166, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 2. The following amounts must be determined under this chapter to calculate a school corporation's target revenue per ADM for a calendar year:

(2) The school corporation's foundation amount for the calendar year under section 4 of this chapter.

(3) The school corporation's previous year revenue foundation amount for the calendar year under section 5 of this chapter.

(4) The school corporation's transition to foundation amount for the calendar year under section 6 of this chapter.

(5) The school corporation's transition to foundation revenue for the calendar year under section 7 of this chapter.

~~(6) The school corporation's guaranteed minimum revenue for the calendar year under section 8 of this chapter.~~
